

Doctor Coles Care for New Mothers

It was very naughty of you to neglect yourself like that, Mrs. Ross. That requires a little punishment, wouldn't you say? After I had my baby I didn't know how I would get by without the special care of Dr. Cole and his interns or the gloriously naughty ways they had of relieving my stress. But I should have known Dr. Cole would have a solution, and that his ideas for my care would not only delight me but also make me blush with shame and humiliation. Dr. Cole was always full of surprises, surprises that pushed my boundaries and spread them wide open. As usual, he and his interns were going to make sure I felt cared for and completely satisfied one way or another... This is a sizzling hot short story of 5,000 words unsuitable for those under 18
