An excellent beginning to this fantasy adventure. I look forward to reading more of this series. Ray Alan Nicholson, Reviewer??? This first episode is a great start to a YA Fantasy series that even adults can enjoy... Well written, interesting characters, promising premise. Eric Guindon, The Siege Perilous Podcast??? It's clear the writers put a lot of effort into developing each personality early on. The story line is still gripping. It moves, but it doesn't move so fast that you feel it's unrealistic... Needless to say, I'm a fan. On to the next one. Heather, Reviewer Your adventure in Midrealm begins here. Scroll
