

Finders Keepers (The Bill Hodges Trilogy Book 2)

A riveting crime thriller about a reader whose obsession with a reclusive writer goes too far, featuring the same trio of unlikely and winning heroes King introduced in MR MERCEDES.1978: Morris Bellamy is a reader so obsessed by Americas iconic author John Rothstein that he is prepared to kill for a trove of notebooks containing at least one more unpublished novel. 2009: Pete Saubers, a boy whose father was brutally injured by a stolen Mercedes, discovers a buried trunk containing cash and Rothsteins notebooks.2014: After thirty-five years in prison, Morris is up for parole. And hes hell-bent on recovering his treasure.Now its up to retired detective Bill Hodges - running an investigative company called Finders Keepers - to rescue Pete from an ever-more deranged and vengeful Morris...Not since Misery has King written with such visceral power about a reader with such a dangerous obsession. Finders Keepers is spectacular suspense, and it is King writing about how literature shapes a life for good, for bad, for ever.
